Kaptur Statement on House Passage of \$40B Aid Package for Ukraine

Washington, D.C. – Today, Representative Marcy Kaptur (OH-09) – Co-Chair of the bipartisan Congressional Ukraine Caucus – released the following statement on the House passage of a \$40 billion military, economic, and humanitarian aid package for Ukraine. The legislation will now be taken up by the Senate for its consideration.

“This unprecedented mobilization of resources for Ukraine is not simply an act of good will,” **said Rep. Kaptur.** “It is an investment to ensure the triumph of Liberty over those who seek to destroy it. Untethered from both reason and humanity, Putin is seeking to annihilate Ukraine and the global rule of law. As Ukraine defends against Putin’s unspeakable evil, America is committed to seeing that he fails.”
